Dear Patients, Families & Friends of Pine Coast Orthodontics:

We hope you and your families are in good health and positive spirits during these challenging times. Our communities have been through a lot and as a small private practice staffed by moms, dads, grandparents, children, siblings, aunts, and uncles (etc., etc.) we understand the many ways COVID-19 has impacted everyone. We are thinking of you and your families as you deal with all of this.

While some things have changed (including our name!), one thing remains the same: our commitment to your orthodontic treatment, safety and overall well-being. We continue to see a reduced volume of patients on a daily basis in order to comply with state and national guidelines on social distancing and infection control. We have enhanced sterilization, cleaning protocols, run medical grade air purifiers in all our offices and screen all patients, staff and visitors before entering the office. For now, your car or outside on a beautiful day is our waiting room and we ask that you text the office to check in when you arrive. Please review the Quick Guide to your next orthodontic appointment for details. We appreciate your patience and understanding in this process and encourage you to reach out if you have any questions or concerns so we may do our best to accommodate you.

Thank you again for entrusting us with your care. We take pride in our work and are serious about our commitment to the health, safety and well-being of all the patients, staff and families in our practice. Please do not hesitate to call or email us if you have any questions or would like to speak with me or any of our wonderful staff.

*Sincerely,
Dr. Sullivan and the Pine Coast Orthodontics Team*
